

**OneTouch<sup>®</sup> Diabetes Management Software  
and Cable Order Form**

- For U.S. residents/addresses only -

**OneTouch<sup>®</sup> Diabetes Management Software** provides a personal overview of your diabetes trends in easy-to-read reports. The software is compatible with the entire family of OneTouch<sup>®</sup> Meters (with data ports).\*

System requirements: An IBM<sup>®</sup>-compatible computer, 266 Mhz Intel<sup>®</sup> Pentium<sup>®</sup> II or equivalent, 800 x 600 pixel screen resolution and 256 colors, 128 MB of RAM, CD-ROM drive or Internet connection, minimum free hard disk space 100-200 MB for installation and 100 MB for running the program, English language versions of Microsoft<sup>®</sup> Windows<sup>®</sup> 98 Second Edition, Windows<sup>®</sup> 2000 Professional with Service Pack 4 (SP4 or above), Windows<sup>®</sup> NT 4.0 Workstation (SP6 or above), Windows<sup>®</sup> Me, Windows<sup>®</sup> XP Home or Professional (SP2 or above) and Windows Vista<sup>™</sup>, USB or serial port, OneTouch Interface Cable, mouse and keyboard.

The **OneTouch<sup>®</sup> Interface Cable** (USB or 9-Pin serial cable) allows you to download data from your OneTouch<sup>®</sup> Meter to OneTouch<sup>®</sup> Diabetes Management Software. The Interface Cable is available in USB or 9-Pin serial format and plugs into an available USB port or 9-Pin serial port on your computer.

**Note:** LifeScan does not have a validated cable or software for use with Macintosh<sup>®</sup> computers.

**To purchase OneTouch<sup>®</sup> Diabetes Management Software and  
an Interface Cable, complete this form and return it by mail or fax.**
